

**Terms of Reference (ToR) for
Sr. Individual Consultant for State Resource Cell**

Background

The Maharashtra State Rural Livelihoods Mission (MSRLM) has been constituted under the aegis of the National Rural Livelihoods Mission (NRLM) in Maharashtra in July 2011 with the support of the Government of India, the World Bank and the Government of Maharashtra. For effective implementation, the mission has been registered under the Societies Registration Act 1860 as an independent society under the chairpersonship of the Hon. Chief Minister of the state. The Mission aims at eradication of rural poverty by building sustainable institutions of poor and ultimately leading them to sustainable livelihoods. The mission envisions poverty elimination through social mobilization, institution building, financial inclusion and the creation of several models of sustainable livelihoods so that each poor family is able to secure incremental annual income. The key task under the mission is to reach out to all rural poor households of Maharashtra and stay engaged with them till they come out of poverty. The mission will bring about a paradigm shift in the approach to rural livelihoods and rural poverty eradication in that it engages directly with institutions of poor and empowers them to find lasting solutions to poverty. It sees the poor as the engines of growth rather than mere receivers of aid or being dependent on 'trickle down'. The NRLM believes that poor have the innate capabilities to overcome poverty if they are supported with sensitive, dedicated and responsive institutions at one level and by building strong and sustainable institutions of the poor themselves on the other.

The State Mission Management Unit (SMMU) has been already established and effectively functioning under the leadership of the Chief Executive Officer, Chief Operating Officer and other team members. The mission is implemented through three strategies viz intensive, semi-intensive and non-intensive. Non-intensive and semi-intensive strategy is implemented through district rural development agencies (DRDAs).

This document is the Terms of Reference (ToR) to define the scope of work for the engagement of Sr. Individual consultant for State Recourse Cell

Need for Resource Cell:

Mission is dealing with the diversified community in terms of different demography, socio-economic culture, economy etc. the capacity building of this diversified community is a crucial part of the mission's goal and objective. Mission believes on community based approach which also insist on training and capacity building by the community, for the community with the community. Hence mission have adopted different strategies and means of training and capacity building.

Currently mission have developed more than 30000 of community cadre for different thematic role and activities in the 14 intensive districts. Maharashtra State Livelihoods Mission have plan to expand intensive program across 34 district by the end of 2019-20. To achieve 100% saturation in Maharashtra mission will required systematic approach and strategy to achieve it in a time bound manner.

Hence, mission needs a separate cell at the state which will plan and execute the overall capacity building portfolio in terms of preparation of training modules, resource pool development, empanelment of thematic resource persons at the state, district and block, conduct research studies and preparing best practices document and model institutions , federations and community managed training centres etc.
